Please let Peggy know if your school is interested in classes that are not listed. We can try to accommodate if there are enough students to make the enrollment. I would like to have solid numbers for all the ITV classes before school lets out in May. So please talk with the students and reserve space for them in the classes they want. The ITV classes are beginning to fill up quickly and we may have to go to a first-come, first-served basis for the upcoming year.

Online classes need to have enrollments turned in by August 1 for fall classes. I cannot guarantee space in an online class if the enrollment is late. For spring classes I will need enrollment by December 1. Students are not automatically rolled over into the second component class! We will need enrollments to guarantee them a seat in the class!
